

Appendix B to Part 2676—Interest Rates Used to Value Lump Sums and Annuities

Lump Sum Valuations

In determining the value of interest factors of the form $v^{0:n}$ (as defined in § 2676.13(b)(1)) for purposes of applying the formulas set forth in § 2676.13 (b) through (i) and in determining the value of any interest factor used in valuing benefits under this subpart to be paid as lump sums, the PBGC shall use the values of i_t prescribed in Table I hereof.

The interest rates set forth in Table I shall be used by the PBGC to calculate benefits payable as lump sum benefits as follows:

(1) For benefits for which the participant or beneficiary is entitled to be in pay status on the valuation date, the immediate annuity rate shall apply.

(2) For benefits for which the deferral period is y years (y is an integer and $0 < y \leq n_1$), interest rate i_1 shall apply from the valuation date for a period of y years; thereafter the immediate annuity rate shall apply.

(3) For benefits for which the deferral period is y years (y is an integer and

$n_1 < y \leq n_1 + n_2$), interest rate i_2 shall apply from the valuation date for a period of $y - n_1$ years; interest rate i_1 shall apply for the following n_1 years; thereafter the immediate annuity rate shall apply.

(4) For benefits for which the deferral period is y years (y is an integer and $y > n_1 + n_2$), interest rate i_3 shall apply from the valuation date for a period of $y - n_1 - n_2$ years; interest rate i_1 shall apply for the following n_2 years; interest rate i_1 shall apply for the following n_2 years; thereafter the immediate annuity rate shall apply.

Annuity Valuations

In determining the value of interest factors of the form $v^{0:n}$ (as defined in § 2676.13(b)(1)) for purposes of applying the formulas set forth in § 2676.13 (b) through (i) and in determining the value of any interest factor

used in valuing annuity benefits under this subpart, the plan administrator shall use the values of i_t prescribed in the table below.

The following table tabulates, for each calendar month of valuation ending after the effective date of this part, the interest rates (denoted by $i_1, i_1, * * *$, and referred to

generally as i_t) assumed to be in effect between specified anniversaries of a valuation date that occurs within that calendar month; those anniversaries are specified in the columns adjacent to the rates. The last listed rate is assumed to be in effect after the last listed anniversary date.

Notice and Collection of Withdrawal Liability; Adoption of New Interest Rate

AGENCY: Pension Benefit Guaranty Corporation.

ACTION: Final rule.

SUMMARY: This is an amendment to the Pension Benefit Guaranty Corporation's regulation on Notice and Collection of Withdrawal Liability. That regulation incorporates certain interest rates published by another Federal agency. This amendment adds to the appendix

of that regulation a new interest rate to be effective from July 1, 1995, to September 30, 1995. The effect of the amendment is to advise the public of the new rate.

EFFECTIVE DATE: July 1, 1995.

Harold J. Ashner, Assistant General Counsel, Office of the General Counsel, Pension Benefit Guaranty Corporation, 1200 K Street NW., Washington, DC 20005-4026; telephone 202-326-4024 (202-326-4179 for TTY and TDD). These are not toll-free numbers.

SUPPLEMENTARY INFORMATION: Under section 4219(c) of the Employee Retirement Income Security Act of 1974, as amended, the Pension Benefit Guaranty Corporation promulgated a final regulation on Notice and Collection of Withdrawal Liability. That regulation, codified at 29 CFR part 2644, deals with the rate of interest to be

charged by multiemployer pension plans on withdrawal liability payments that are overdue or in default, or to be credited by plans on overpayments of withdrawal liability. The regulation allows plans to set rates, subject to certain restrictions. Where a plan does not set the interest rate, § 2644.3(b) of the regulation provides that the rate to be charged or credited for any calendar quarter is the average quoted prime rate on short-term commercial loans for the fifteenth day (or the next business day if the fifteenth day is not a business day) of the month preceding the beginning of the quarter, as reported by the Board of Governors of the Federal Reserve System in Statistical Release H. 15 ("Selected Interest Rates").

Because the regulation incorporates interest rates published in Statistical Release H.15, that release is the authoritative source for the rates that are to be applied under the regulation. As

a convenience to persons using the regulation, however, the PBGC collects the applicable rates and republishes them in an appendix to part 2644. This amendment adds to this appendix the interest rate of 9.00 percent, which will be effective from July 1, 1995, through September 30, 1995. This rate represents no change from the rate in effect for the second quarter of 1995. This rate is based on the prime rate in effect on June 15, 1995.

The appendix to 29 CFR part 2644 does not prescribe interest rates under the regulation; the rates prescribed in the regulation are those published in Statistical Release H.15. The appendix merely collects and republishes the rates in a convenient place. Thus, the interest rates in the appendix are informational only. Accordingly, the PBGC finds that notice of and public comment on this amendment would be unnecessary and contrary to the public interest. For the above reasons, the PBGC also believes that good cause exists for making this amendment effective immediately.

The PBGC has determined that this action is not a "significant regulatory action" under the criteria set forth in Executive Order 12866, because it will not have an annual effect on the economy of \$100 million or more or adversely affect in a material way the economy, a sector of the economy, productivity, competition, jobs, the environment, public health or safety, or State, local, or tribal governments or communities; create a serious inconsistency or otherwise interfere with an action taken or planned by another agency; materially alter the budgetary impact of entitlements, grants, user fees, or loan programs or the rights and obligations of recipients thereof; or raise novel legal or policy issues arising out of legal mandates, the President's priorities, or the principles set forth in Executive Order 12866.

Because no general notice of proposed rulemaking is required for this amendment, the Regulatory Flexibility Act of 1980 does not apply. See 5 U.S.C. 601(2).

Office of Surface Mining Reclamation and Enforcement

30 CFR Part 934

North Dakota Regulatory Program

AGENCY: Office of Surface Mining Reclamation and Enforcement (OSM), Interior.

ACTION: Final rule; approval of amendment.

SUMMARY: OSM is approving, with certain exceptions and additional requirements, a proposed amendment to the North Dakota regulatory program (hereinafter referred to as the "North Dakota program") under the Surface Mining Control and Reclamation Act of 1977 (SMCRA). North Dakota proposed revisions pertaining to its policy document entitled "Standards for Evaluation of Revegetation Success and Recommended Procedures for Pre- and Postmining Vegetation Assessments." The amendment is intended to revise this document to be consistent with the Federal regulations and to improve operational efficiency.

EFFECTIVE DATE: July 14, 1995.

FOR FURTHER INFORMATION CONTACT: Guy Pagett, Telephone: (307) 261-5776.

SUPPLEMENTARY INFORMATION:

I. Background on the North Dakota Program

On December 15, 1980, the Secretary of the Interior conditionally approved the North Dakota program. General background information on the North Dakota program, including the

Secretary's findings, the disposition of comments, and the conditions of approval of the North Dakota program can be found in the December 15, 1980, **Federal Register** (45 FR 82214).

Subsequent actions concerning North Dakota's program and program amendments can be found at 30 CFR 934.12, 934.13, 934.15, 934.16, and 934.30.

II. Proposed Amendment

By letter dated February 17, 1994, North Dakota, submitted a proposed amendment to its program (Amendment No. XX, administrative record No. ND-U-01) pursuant to SMCRA (30 U.S.C. 1201 *et seq.*). North Dakota submitted proposed revisions to its policy document entitled "Standards for Evaluation of Revegetation Success and Recommended Procedures for Pre- and Postmining Vegetation Assessments" (hereinafter, the "revegetation document") in response to required program amendments at 30 CFR 934.16(b) through (i), (w), and (x), and at its own initiative.

OSM announced receipt of the proposed amendment in the March 14, 1994, **Federal Register** (49 FR 11744), provided an opportunity for a public hearing or meeting on its substantive adequacy, and invited public comment on its adequacy (administrative record No. ND-U-05). Because no one requested a public hearing or meeting, none was held. The public comment period ended on April 13, 1994.

During its review of the amendment, OSM identified concerns relating to certain provisions of North Dakota's revegetation document. OSM notified North Dakota of the concerns by letter dated September 9, 1994 (administrative record No. ND-U-10). On September 14, 1994, North Dakota and OSM, during a telephone conference, discussed certain provisions of OSM's September 9, 1994, issue letter (administrative record No. ND-U-13). North Dakota responded in a letter dated December 21, 1994 (administrative record No. ND-U-14), by submitting a revised amendment and additional explanatory information that addressed the concerns identified by OSM.

Based upon the revisions to and additional explanatory information for the proposed program amendment submitted by North Dakota, OSM reopened the public comment period in the January 19, 1995, **Federal Register** (60 FR 3790; administrative record No. ND-U-15). The public comment period ended on February 3, 1995.

Subsequently, North Dakota requested a meeting with OSM to discuss its
